Come to Ozernaya for a team building spree!*

## Best Choice for Corporate Leisure

Good managers know that an informal corporate party fostering team spirit in a casual environment is the best form of team building after which you can hear: "This is our company! We are a real team!" Moreover, if you arrange it in a real Russian-style log cottage in a pine forest, on the shore of a most picturesque lake, success is virtually guaranteed!

Escaping from the hustle and bustle of the megalopolis can bring people together better than anything!

A memorable party can include friendly competitions, dancing, karaoke, joke and toast contests and so on. A real party among your own people – that's what your employees are sure to remember for a long time.

Ozernaya's personnel are professional and experienced in being attentive, tactful and efficient while encouraging the guests to relax and enjoy.

Here you'll find all possible entertainments associated with country holidays. You can indulge yourself in traditional Russian entertainments – ride a horse, take a tour in a classic horse-driven sled, play outdoor games, practice archery and much more.

The benefits of progress are also at your disposal – Russian billiards, paintball, volleyball, ping-pong, gym, a well-equipped beach, water recreation activities, pleasure boat trips, special routes for snowmobiles, sledges and bicycles, hunting and fishing.

To entertain your team, we'll arrange fireworks, a nice concert, delightful banquet or a hot discotheque.

Only in our recreation center you can visit a floating Russian banya on Peno Lake. Swimming in the lake after you visit the banya - especially diving in the ice cold water in winter - will give you incredible sensations.

There are also a lot of must-see places in this region.

The famous Nilova Pustin, which in the early 20th century was the most visited spiritual centre in Russia, superceded only by the Holy Sepulchre in the number of pilgrims.

Shirkov pogost is the place famous for its ancient tiered church, 45 meters high. According to the legend, the Church of the Birth of John the Baptist has been erected on the same place where Alexander Nevsky's troops won a victory over the Lithuanian horde.

The source of the great Russian river Volga is a really unique natural object, a true national sanctuary, precious to the whole of Russia from a historical viewpoint.

Ozernaya's real attraction is the private helicopter fleet and landing grounds. You will have a unique chance to fly a helicopter as a co-pilot and enjoy a fantastic, indescribable experience! Our first-class pilots will take you to any place – for sightseeing around the region or for a picnic at a secluded farm or remote meadow in the forest, where man has never trod.

Ozernaya Recreation Center is the only place near Seliger Lake where you are offered an exclusive recreation program complying with European standards of comfort and the highest level of services.

Ozernaya is located in the Tver region, only 400 km from Moscow, in a virgin forest on the shore of the marvelous Peno Lake, one of the Upper Volga lakes of Seliger's water basin. These astonishingly beautiful places really live up to the UNESCO's title of the most ecologically clean region in Europe.

Your rest will begin immediately on your departure. A relaxing ride with a professional driver in a comfortable bus or minivan takes about 4 hours, and you can stop after two hours of journey to enjoy a short picnic in a delightful place.

An exclusive offer for you – a helicopter transfer. The journey takes just an hour and a half. You can fly and enjoy an unforgettable sightseeing tour around the Seliger region.

VIP cottages are decorated according to classic Russian style – a large living room with wood fireplace, spacious hall, big summer terrace, wide loggia with overhanging eaves, as well as rooms with wooden carved furniture – all this creates an atmosphere of coziness, a feeling of "good old times" and unmatched comfort.

Large sleeping rooms with wide beds decorated with Italian fabrics will help you to relax. Bathrooms with heated floors are fitted with Swedish bathroom fixtures. Moreover, to ensure your comfort, the cottages are equipped with satellite TV, mini-bar, Finnish sauna and jacuzzi.
